

Here is what attendees at Gary's sessions are saying

*Your "Breaking the Cycle of Risky Behaviors" session is brilliant. Best stuff I've read in the trade literature about safety in my 17 years in EHS.*

*Best speaker at conference. I could listen to him for hours.*

## **Gary has become a nationally known speaker on safety, health, environmental and business issues.**

Gary A. Higbee CSP, MBA worked for over 32 years for John Deere & Company where he held assignments in safety, environmental, production and engineering. He was also the Corporate Safety Director for Maytag and Manager of Health, Safety & Environmental for the Budd Company Stamping and Frame Division.

Gary is a board Certified Safety Professional and has an MBA from the University of Iowa. Currently he is working towards a Ph.D. in Industrial Technology at Iowa State University.

Gary was recognized in 1993 as the Safety Professional of the Year by Region IV of the American Society of Safety Engineers. He is past chairman and long time member of the National Safety Council's Automotive, Tooling and Metal Working Section Executive Board. Gary is also active as an adjunct Professor at Iowa State University; business and safety consultant; and expert witness.

Recently, Gary has had a number of articles published including his most recent article "The Frustration with Safety" and is currently working on two articles "Visionary Leadership" and "Managing Complex Change".

Using over thirty-five years of experience and a dry sense of humor Gary has become a nationally known speaker on safety, health, environmental and business issues.
